Dream Girl Voice (Replace Voice Like DreamGirl) You May Also Like: JokesPhone Mod APK Download You May Also Like: QuickTouch Automatic Clicker Mod APK App Information App Name MagicCall – Voice Changer App App Size 104 MB Category Entertainment Developer BNG Mobile Installs 10,000,000+ Price Free Requires Android 5.0 or up Magic Call Voice Changer Mod APK You have to follow the easy steps below to download Magic Call Mod app. First of all, uninstall the Magic Call voice changer app Enable the Downloads from Unknown Sources on your Phone After that, tap on the Download button below In the new window, hit the download button Wait a few minutes until the downloading finishes Now, Install the app and enjoy premium features for free DOWNLOAD MAGIC CALL MOD APK User Reviews Some valuable user reviews of the MagicCall voice changer app are as follows. Arthur Lewis It shows the amazing efficiency of calling. It is a super app that deserves appreciation for its stunning features. Chris Lynn This is a wonderful and fun application. You can change your voice in real-time and spend a fun time with your friends through this app. Simon Brown Magic Call is a voice changer app with different voices. It activates the voice when your call is connected. You can turn your voice to your choice. Related Magic Call Mod Apk is an app that enables you to change your voice during calls without the use of any extra app to alter the tone of your voice. The surrounding background sounds can also be modeled using different special effects. For those who like pranks, this is a great entertainment app. It can also be used for recording audio and sharing via email or social media websites such as Discord or Gaming Trolling with other users. This app contains a basic interface that can easily change your voice in real-time with a wide range of effects. Most Apps for voice changers are premium but this Magic Call has tons of free features and besides, we have unlocked all the premium features in this Mod. Magic call mod apk is an excellent way to have some fun or stay anonymous when making calls. You can apply different effects, change the gender and age of your voice with this app. The ability to change the voice during calls is a good way to prank your friends even if you're not so good at yanking them via calls. Maybe your voice is too indistinguishable, or without laughing, you won't be able to get through the call prank. A voice changer app can change the game for you, whatever the case, allowing you to prank your friends and loved ones to the content of your heart. Description of MagicCall Magic call is developed by BNG MOBILE and this app has made it easy to change your voice while on call in not more than a few mins of your time. In order to change your voice in any of your calls, you just have to open the app, select the voice of your choice, and hit the call button on the contact you want your voice to be changed while on call. You can choose from multiple voice effects that will make your voice like that of a cartoon, a female, or a dream girl Voice. You can also change the background sounds like rain, traffic noise, party noise, etc. Even more, you can play sound emoticons like a kiss, clap, and so on. Since there is nothing inappropriate with altering your voice to have fun with family and friends, it is also not inappropriate to use voice changer apps to yank online bullies and earn some self-respect. Also, Magic Call can help you change the tone of your voice and thereby maintain anonymity when interacting with strangers. A variety of tone settings are included in the app. Features of Magic Call Change your voice while making calls. You can easily change your voice to a female voice, male voice, cartoon voice, or child's voice.You can switch voices while on call.Credits: You need credits in order to change your voices, however, the app will provide you with free credit when you log in for the first time. Meanwhile, with MagicCall Mod Apk you will have access to unlimited coins. You can test the voice changer on demo mode before making your actual call.You can play sound emoticons like a kiss, clap, etc while on call.Change background sound effects. MagicCall is the ideal choice if you want to have a little fun with your friends. With the press of a button, it makes a number of hilarious and interesting sound effects. The Call Voice Changer app is interesting in that it allows users to adjust the tone of their voice in real-time. And there are a variety of voices to choose from like female or cartoon voice. This app has a highly user-friendly interface. As a result, it's ideal for everyone. PLS NOTE: In order for the app to work correctly, you need a robust VoIP connection, so make sure you have a reliable wireless connection. Because the overall file size is only 16 megabytes, it should not slow down on most internet connections but it is still better to have a reliable connection for a smooth experience. You may be interested in: Reface App Mod Apk (Premium Unlocked) FILE INFORMATIONMod Apk size20 MBAndroid Version5.0+Developers:BNG MOBILEModifiers–Category:EntertainmentVersion:V1.6.1Updated Date:30th August 2022 You can easily download Magic Call Mod Apk from the below link and follow the step-by-step guide on how to install the app. Download Magic Call Mod Apk (20MB) No AdsFree coinsAll premium features unlocked Conclusion MagicCall is a good app for pranking your friends or if you want to keep your voice completely anonymous when making calls. You can easily make different adjustments to your voice with a variety of voices and background sounds to choose from. One thing I dont like about this app is that you need coins in order to change your voice when making calls and this is a big deal for some people who really wanna use it but can't afford to pay for the coins. However, that's not an issue when you download and install the Magic Call Mod Apk because you will have unlimited coins and all of the premium features are unlocked. With that said, MagicCall is one of the most popular simple voice changer apps on Google Play Store and all thanks to its simple user interface and many other options, which includes a variety of voices and background sound effects.
